## FARMINGTON TOWN WARRANT

### THE STATE OF NEW HAMPSHIRE

---

To the inhabitants of the town of Farmington, qualified to vote in town affairs:

You are hereby notified to meet at the town hall in said Farmington on Tuesday, the ninth day of March next, at nine o'clock in the forenoon, to act on the following subjects:

Article 1. To see what sum of money the town will vote to raise and appropriate to defray expenses of general government and make suitable adjustment in the salaries of the selectmen. Budget item Nos. 1 to 5.

Article 2. To see what sum of money the town will vote to raise and appropriate for the police department and to provide watchmen and additional police protection due to the war emergency and to make suitable adjustment in the salaries of the police officers. Budget item No. 6.

Article 3. To see what sum of money the town will vote to raise and appropriate for forest fire protection and to provide additional fire protection due to the war emergency. Item No. 7.

Article 4. To see if the town will vote to raise and appropriate the sum of \$400.00 for white pine blister rust control, the same to be expended in cooperation with the State Forestry and Recreation Department. Item No. 8.

Article 5. To see if the town will vote to raise and appropriate the sum of \$350.00 for the health department. Item No. 11.

Article 6. To see what sum of money the town will vote to raise and appropriate for the maintenance of highways and bridges and for the general expense of the highway department. Item Nos. 13, 14 and 15.

Article 7. To see if the town will vote to raise and appropriate the sum of \$751.20 in order to secure State aid in the amount of \$3,004.81 for the permanent improvement of Class V highways, under Chapter 67, Laws of 1937. Item No. 16.

Article 8. To see if the town will vote to raise and appropriate the sum of \$1,000.00 for the Farmington Public Library Asosciation. Item No. 17.

Article 9. To see what sum of money the town will vote to raise and appropriate for welfare relief. Item Nos. 18, 19 and 20.

Article 10. To see if the town will vote to raise and appropriate to Clarence L. Perkins Post, No. 60, the sum of \$175.00 to be used for Memorial Day observance.

Article 11. To see if the town will vote to raise and appropriate the sum of \$260.00 for the care of parks and playgrounds, to be allotted as follows: \$100.00 for Fernald park, \$85.00 for Edgerly park, \$50.00 for the skating pond and \$25.00 for the care of the grounds at the Henry Wilson boulder.

Article 12. To see if the town will vote to authorize the selectmen to hire such sums of money as may be necessary in anticipation of taxes or for unusual expenses due to the war emergency.

Article 13. To see what action the town will take in regard to the adoption of a code of regulations governing the construction or reconstruction of buildings in the village district and to appoint a committee to make recommendations for the same.

Article 14. (By request) To see if the town will vote to raise and appropriate the sum of \$200.00 to the Lakes Region Association of New Hampshire to assist in Planning and Development of the Town and for the issuance and distribution of printed matter and newspaper and magazine advertising calling attention to the resources and natural advantages of the town, in cooperation with other towns in the Lakes Region.

Article 15. "To see if the town will vote to petition the State Tax Commission to have an audit made by the Division of Municipal Accounting, and to make an appropriation to cover the expense of such an audit."

Article 16. To choose one selectman for three years, a town clerk, town treasurer, road agent and all other necessary officers and agents for the ensuing year.

Given under our hand and seal this twentieth day of February, 1943.

JOHN E. S. HALL,  
EDWARD J. MROS,  
FRED L. RICHARDS,

Selectmen of Farmington.

## STATEMENT BY THE SELECTMEN

---

TO THE CITIZENS AND TAXPAYERS OF FARMINGTON:

We submit herewith our annual report for the fiscal year ending January 31, 1943, together with recommendations for the ensuing year.

We close the year with a bank balance of \$39,224.43 and a surplus of \$15,679.44, a net gain of \$4,143.04 above the \$4,500.00, which was appropriated for debt retirement. This gain comes from credit balances in most of the departments, offset in part by \$2,447.20 of expenditures appropriated from the treasury (no tax assessment made) \$234.30 for sewer maintenance and \$504.90 for civilian defense, for which no appropriations were made and small deficits in the health and Memorial day accounts. Relatively favorable winter weather conditions following February first of last year and up to February first of this year resulted in a surplus of \$1,008.07 in the winter maintenance account. Owing to our inability to get tarvia for the extension of our hard surfaced roads or the retreatment of old ones the summer maintenance account shows a surplus of \$690.13. This also accounts for the surplus of \$983.13 in the highway general expense account. The town poor and soldiers' aid accounts show surpluses amounting to \$1,013.84. Interest received amounted to \$1,341.12. Overlay account shows a balance of \$588.82. Old sinking fund account shows a paper profit of \$117.50 over last year's value. We received \$267.08 above the estimated revenue from the state for interest and divi-

dends, railroad and savings bank taxes. Our estimate of anticipated auto permit fees proved to be ultra conservative and our receipts from this and other licenses and permits exceeded the estimate by \$341.04.

Notwithstanding we appropriated \$2,525.28 from surplus last year, the Tax Commission insisted that we could well afford to take an additional credit of \$2,250.00 in order to reduce our tax rate, but finally permitted us to go ahead with the rate which we had arrived at. It is our intention this year to recommend an appropriation from the treasury of between \$4,000.00 and \$5,000.00, more definite figures to be arrived at from further study. Other things being equal this would mean a reduction of \$2.50 or \$3.00 in the tax rate. At the present time it is anticipated that the precinct budget may be as much as \$3,000.00 less than a year ago. This would make a further reduction of approximately \$1.80 in the precinct rate. However, there is sure to be an unavoidable increase in the school budget which will partly offset this gain. A further sharp curtailment in automobile permit fees which is sure to occur this year will mean that much more which will have to be raised by direct property tax.

To revert to the subject of dipping into the surplus, we believe it is advisable to maintain our present favorable financial position as there are certain contingencies which we have got to be prepared for when the present emergency is over and labor, materials and equipment are again freely available.

Our sewage disposal plant has never been wholly efficient and is entirely inadequate for the work it is supposed to do. This is a matter which imperatively demands attention and will involve an expenditure which may run as high as \$5,000.00 to \$8,000.00.

We are desperately in need of more efficient road and snow fighting equipment, which will mean another \$5,000.00 to \$8,000.00. It is very desirable that we be in a strong financial position when the time arrives to consider these expenditures.

It will be noticed there are articles in the warrant asking for an adjustment in the salaries of the selectmen and police to something more adequate than the "token" payments which they are now receiving.

A comparison with last year's appropriations will show most of the present budget proposals to be the same or less than a year ago.

On town road aid work we finished graveling the "Ridge road" to the New Durham line, a distance of 65/100 mile, (about 6,100 sq. yds.) using 1,045 cu. yds, of gravel and 93 cu. yds. clay binder.

On the "Hornetown road" beyond "Claypit Brook" and a portion of the Meaderboro road, a total distance of about 8/10 mile (about 7,415 sq. yds.) we used 920 cu. yds. of gravel.

Owing to the tire and gas situation it is doubtful if any extensive new work can be undertaken in the coming year. The district engineer suggests making needed repairs to sections graveled in previous years, cutting bushes, widening shoulders and cleaning ditches. In this connection the following excerpt from a letter from Mr. Everett, the state highway commissioner, may be of interest. "Due to the scarcity of funds that will come to the department from motor vehicle fees and gasoline road toll for the coming year, it will be necessary to curtail all construction. A bill is now pending in the Legislature to declare a moratorium on State Aid Construction for the duration and possibly cutting the allotment for Town Road Aid.

It would be well, however, for your town to make provision for Town Road Aid as follows: Town to raise \$751.20, state to contribute \$3,004.81.

If there should be a cut in the Town Road Aid allotment the towns will be advised before making their tax assessments."

We recommend the above appropriation as provided in the budget.

We are publishing herewith the report of the State Forester on the White Pine Blister Rust control work done in the town last year.

Town work:

Crew wages	\$399.40
Foreman wages	99.55
	—————
Total expended	\$498.95
Received from town	\$400.00
Expended from town funds	399.40
	—————

Balance due the town	\$ .60
W. P. A. work:	
W. P. A. funds expended	\$813.35
Area covered	1,703 acres
Currant and gooseberry bushes	
destroyed	8,517

Federal work:

Federal funds expended	\$43.20
Area covered	371 acres
Currant and gooseberry bushes	
destroyed	84

The State Forester urges and we recommend that the usual appropriation of \$400.00 be made to continue this work.

STATEMENT OF FUNDED DEBT, BONDS AND  
TERM NOTES  
TOWN HALL BONDS

Original issue, \$51,500.00, 4½%  
dated January 15, 1930.

## FOREST FIRE WARDEN'S REPORT

---

As the tempo of America's war effort mounts, demands upon its citizens for service become more numerous and exacting. All must bear a proportionate share of the burden and the sacrifice.

As men are drawn into service the burden of carrying on rests more heavily upon those forced to remain at home. Here, team work becomes increasingly important because of constantly diminishing manpower.

There is no field of endeavor where cooperation and compliance with law and regulation are more needed than that of forest fire control. The most effective and economical effort in this field of activity is that of prevention. The old adage "an ounce of prevention" being "worth a pound of cure" was never more aptly applied than to forest fire control.

The forest fire warden is, by law, the designated local leader in forest fire matters. He exercises his prerogatives and discharges his duties as such under the direction of the State Forester. There was never a time when the warden needed each citizen's good will and cooperation more than he does now. With manpower waning, fire prevention, through efficient preparation, care with fire and compliance with necessary regulations become a vital duty of citizenship.

For years efforts have been made to improve the usual bad Spring and Fall fire record. It was not until this year, however, that this problem was, to a great extent solved when permit burning was more rigidly restricted. Forest fire wardens were instructed not to issue permits except when it was raining and during the

wet period immediately following rains. This plan worked out so well it has been decided to make it the established policy governing legal burning.

Everyone is well acquainted with the several civilian defense groups. Many of our fellow townsmen are serving in one or other of them. It is only recently, however, that the Office of Civilian Defense, recognizing the threat forest fires are to our timber facilities and resources and the possible disruption of war activities in critical areas, established the "Forest Fire Fighters Service". Its purpose is to provide fire fighters, equipped and trained, to strengthen the hand of the local forest fire warden; to acquaint the people in the area with their responsibility in fire prevention and suppression and to provide an opportunity for people in and near forested areas to participate in the war effort. The State Forester is the State Coordinator; the District Fire Chiefs are District Coordinators and the Warden is the Local Coordinator. The Forest Fighters Service personnel will be registered under the direction of the Office of Civilian Defense; it will be trained by the local warden and his assistants, aided by the District Chief. Individual citizens are urged to join this service group by applying to their local forest fire warden. By becoming a part of this organization locally, individuals can contribute their share toward the protection of our forest resources which are so vital to the war job.

During this critical period it is more than ever the part of good and prudent citizenship to remember:

1. That permission to burn in or near woodland or where fire may be communicated to woodland must be secured from the forest fire warden when the ground is not covered with snow.
2. To be careful when smoking in or near the woods and not to throw lighted cigars, cigarettes or matches from moving vehicles.

3. To notify your local warden promptly of any fires you see.
4. That fire prevention is the best and cheapest fire insurance.
5. To be fire-minded; be careful; be cooperative and thus help your warden prevent forest fires. This is patriotism at work.

The 1942 fire record for our town follows:

Number of fires, 2.

Acreage burned, 1/10.

Cost of suppression, \$18.55.

Number of permits issued, 3.

MARSHALL F. GIBBS,  
Forest Fire Warden.
